Again, welcome back for another school year. The staff at Big Sandy School District will work to help you succeed in your academic and personal growth as a young adult. The door is always open in our office, so please feel free to stop in or call.

Sincerely,

Kelly Haaland, Superintendent

To Students and Parents:

The Big Sandy Public School Student Handbook contains information that students and parents are likely to need during the school year. The handbook is organized alphabetically by topic.

Throughout the handbook, the term “the student’s parent” is used to refer to the parent, legal guardian, or other person who has agreed to assume school- related responsibility for a student.

The Student Handbook is designed to be in harmony with Board policy. Please be aware that this document is updated annually, while policy adoption and revision is an ongoing process.

Therefore, any changes in policy that affect student handbook provisions will be made available to students and parents through newsletters, board agendas, and other communications. These changes will generally supersede provisions found in this handbook that have been made obsolete by newly adopted policy.

Please note that references to policy codes are included to help parents confirm current policy. A copy of the District’s Policy Manual is available in the school office and online at www.bigsandy.k12.mt.us

In case of conflict between Board policies or any provisions of student handbooks, the provisions in the Board policies are to be followed.

Big Sandy Public Schools does not discriminate on the basis of race, religion, color, national origin, sex, or disability in providing education services, activities, and programs, including vocational programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Act.

The following District staff member has been designated to coordinate compliance with these requirements:

BIG SANDY SCHOOL DISTRICT PARENT/STUDENT HANDBOOK

This handbook is designed to acquaint parents and students with Big Sandy School District. You, as a student, are a young citizen, and it is important for each of you to be aware of what makes us “tick” as a school community. You and your parents need to become acquainted with our organization, our rules, and our customs. This handbook will help to serve this purpose.

ACADEMIC NON-PERFORMANCE

Academic non-performance results when a student does little or no homework, fails to complete assignments, and receives grades of Fs and/or Ds on a regular basis. Non-performers are students sixteen years of age or older who choose not to take advantage of their educational opportunities. These students will be assessed to determine their educational needs and placement. Non-performers may face expulsion.

ASSEMBLIES/PEP RALLIES

A student’s behavior should be refined and courteous at all times. An indication of the cultural level of a school is the conduct of the student body at an assembly. Whether guests are present or not, each student is personally responsible for the impression made by the school as a whole. Unacceptable conduct would include whistling, uncalled for clapping, boisterousness, and talking during a program. At pep rallies poor sportsmanship toward the school, other classes, and refusal to participate is considered unacceptable.

ATTENDANCE INCENTIVE

Students grades 4 – 12 who are absent one day or less per quarter and have no unexcused absences or tardies are eligible to receive one percentage point added to their final grade in each class in which they are enrolled.

ATTENDANCE POLICY (See Board Policy 3122, 3122P & 3122P3) Attendance Policy

1. A student shall lose two (2) % points off their final semester grade per class in a given class, when absences, as defined below, in that class exceed a total of eight (8) per semester for every day over the eight (8) absences.

The following absences will not be used in calculating the eight (8) day absence rule:

- a. Doctor’s excused absences (an appointment card must be submitted to the office on the day the student returns to school).
- b. Hospitalization.
- c. Serious illness requiring the student to miss school, with verification by a signed letter from a medical doctor.
- d. All absences related to pregnancy and/or parenting needs.

- e. Two (2) days of absences for funerals.
 - f. Seniors may use up to two (2) days for college visitation (with advance approval of the Superintendent – verification from college required).
 - g. Those absences that occur due to school-sponsored activities, since these are considered equivalent educational experience. These activity exemptions will apply to students in sports events, cheerleading, music- related events, FFA and FHA trips, speech and drama trips, science trips, academic field trips, and others deemed co-curricular.
2. Transfer students will have all absences they have accumulated in their prior school(s) transferred and used to calculate their total absences for the semester.
 3. Absences due to weather, caused by buses not running their routes or parents not being able to bring students to school because of blocked roads, shall not count against the perfect attendance record of any student.
 4. Students who are absent from school because of a health reason (a medical appointment would be an exception) or working must be at school by the start of 1st period that day in order to participate in any after school or evening extracurricular activity on that day, unless they receive permission from the Superintendent to participate in such activities.

EXCUSED ABSENCE: An excused absence indicates a legal absence from school with parental permission. Full credit is given for all makeup work. Students absent on the due date of a preannounced assignment/test are expected to turn in the assignment or complete the test the first (1st) day back in school. Excused absences count against the eight (8) day limit. A letter will be sent home to parents after four (4) absences. When students miss more than eight (8) days in a semester they will be penalized two (2) percentage points of their final semester grades for each absence beyond the eighth (8th) day. Any appeal of this rule must be made to the Attendance Committee.

ADMIT: Parents may excuse an absence by phone (378-2502) or by written note. The school reserves the right to require a written note when contacted by phone. Students have two (2) school days to clear absences. Absences not cleared in this time span will be unexcused, and the students will receive zeros (-0-) for work during the absence. No late documentation will be accepted. See the Superintendent if circumstances make obtaining a parental note impossible within the required two (2) days.

8

SCHOOL ACTIVITY ABSENCES: A student participating in a school-sponsored event is not considered to be absent from school. All work that is missed will have to be made up to gain the necessary skills taught in the courses. A student with a school activity absence is expected to see his or her teachers prior to departure to request assignments. Unless there are extenuating

circumstances, assignments covered during a pre-arranged absence are due upon the student's return. It is the student's responsibility to make special arrangements with the teacher prior to departure, if he/she wishes to have these requirements changed. A student may be excluded from school-approved absences, due to inadequate arrangements prior to departure, failure to complete assignments, or poor classroom performance.

UNEXCUSED: An unexcused absence indicates that a student: 1) failed to check out properly; 2) lacks proper documentation for an absence. The school has final authority to accept or deny an excuse. Work due during unexcused absences must be completed and submitted to the teacher and will receive a grade of zero (-0-).

TRUANCY: This type of absence is an unexcused absence which does not have the approval of a parent or guardian, is the result of a student's leaving the school without checking out through the attendance office, or is the result of the failure of the parent or guardian to notify the school within twenty-four (24) hours of his or her knowledge of the absence. While students are encouraged to complete any work they missed during classes from which they were truant, they will not receive credit for the work. It should be noted that the school determines truancy and not the parents or students. Students who are truant will make up missed school time as determined by the Superintendent.

TARDY: A student is tardy if the student is not in the assigned classroom when the bell rings. Late arrivals to school will generally not be excused. After the ten-(10)-minute mark, a student is considered absent. Students tardy to first (1st) and fifth (5th) periods must check in at the office. Students will receive a warning for 1 tardy per quarter. Tardies accumulated after that will count as following: 2 tardies in the same period will count as 1 day absence and count against the attendance policy. Every tardy beyond 2 in the same period will count as an absence for that period and will be counted in the loss of percentage points for that class.

AUTOMATED EXTERNAL DEFIBRILLATORS (AED)

The Board of Trustees of the Big Sandy School District recognizes that from time to time emergencies may arise that justify the use of an Automated External Defibrillator (AED). The Board has purchased one or more of these units for use by qualified personnel (See Board Policy 8450)

BUILDING HOURS

The buildings are open in the morning by 7:40 am and closed by 4:18 pm. Students cannot be in the building without permission before 7:30 am. Students must be out of the building by 4:18 pm, except for those students in tutoring. Any student or group of students remaining in the building after 4:18 pm must have administrative approval and be supervised by an adult or a member of the faculty. Classrooms will be open at 7:40 a.m. Because of safety considerations, please do not allow children to arrive at school earlier than 7:40 am. Breakfast is served daily at 7:40 am. BULLETIN BOARD

The main entrance bulletin board is a place for posting notices of a general nature. Students should acquire the habit of checking the bulletin board both in the morning and at noon. Bulletins may be posted by student groups, provided that the bulletin is pleasing in appearance, neat, and does not in any way conflict with the expressed and legal purpose of the school. Approval by Mr. Haaland must be obtained before posting.

BULLYING, HARASSMENT, INTIMIDATION AND HAZING POLICY

The Board will strive to provide a positive and productive learning and working environment. Bullying, harassment, intimidation, or hazing, by students, staff, or third parties, is strictly prohibited and shall not be tolerated. This includes bullying, harassment, or intimidation via electronic communication devices (“cyberbullying”). (See Board Policy 3225 & 3226)

BUS RULES

To help the bus drivers in their efforts to provide safe transportation, we wish to solicit the cooperation of the students and also the parents. We request that parents review the rules below with your respective students, stressing safety consciousness and orderliness in bus transportation. We hope to thereby create better feelings and relationships between parents and the school as well as providing safe transportation.

Students are reminded to follow the directives of the bus driver as they are the supervisors for the bus. The following are rules that should be followed with respect to conduct on the bus:

1. There should be no activity that takes the attention of the driver from his/her driving.
2. Talking should not be louder than ordinary conversational level.
3. Students should sit in their seats and not have their feet in the aisle.
4. There should be no "horseplay" such as cap-snatching, keep-away, teasing, jabbing, or punching, etc.
5. There should be no profanity or name-calling.
6. Students should get on and off the bus in an orderly manner.
7. Students should take pride in the appearance of their bus and keep it clean and free of vandalism.
8. Students are not to have any part of their body out of a window, throw objects out of a window, or shout out of a window.
9. Seats may be assigned to students.
10. Additional rules may be added by the individual bus driver in order to maintain order and insure the safety of the students.

Misconduct will be handled in the following manner. Minor offenses will be dealt with by the bus driver talking to the student. Major offenses will be dealt with as follows:

First Offense: Driver will report the offense to the administration and the administrator will call the parents. Second Offense: Driver will report the offense to the administration; the student will be suspended from riding the bus for three (3) days.

Third Offense: The student will be suspended from riding the bus the balance of the year. Parents may appeal this to the School Board.

CAMPUS CLOSURE

Big Sandy School District maintains a closed campus for students in grades 7-12. Students will not leave campus without school supervision during the school day except:

1. Students who are part of a cooperative education class.
2. Students with written parental permission for medical or business reasons and approved by the office.
3. Students walking to lunch during lunch hour.

CHAIN OF COMMAND

It is expected that issues and problems will be resolved with the people involved. If an issue or problem cannot be resolved at that level, it should be appealed to the next person in the chain of command starting from the bottom up. The chain of command in the Big Sandy District is as follows:

School Board Superintendent/Principal Athletic Director (for athletics only) Employee Parent/Student The chain of command should be followed in both directions. If the chain of command is not followed because of extenuating circumstances, the superintendent/principal should be the first informed.

CHEMICAL USE AND DEPENDENCY (See Pioneer Pride Policy)

The use/abuse and possession of controlled substances and dangerous drugs is prohibited on school grounds during school hours and at school activities.

Necessary and appropriate disciplinary action consistent with state and Federal law will be taken when guidelines of conduct regarding alcohol and other drugs are violated. Disciplinary sanctions will also include the completion of a chemical abuse assessment or the completion of a rehabilitation program. The district cannot be held financially responsible for any such sanctions. The school guidance and instruction programs will provide skill development in the area of prevention.

If school officials have reasonable suspicion to believe that a student in school or at a school-sponsored function possesses and/or is under the influence of alcohol or other drugs, the school will take the following action:

1. The parents will be notified by phone if possible.
2. The school administrator will refer all instances of illegal use, possession, or sale of alcohol or other drugs to law enforcement officials for prosecution.
3. The school will take appropriate disciplinary action:
 - a. First offense: Five (5) school days out-of-school suspension. Student must complete a chemical awareness class approved by administration and meet with the school counselor on a regularly scheduled basis. The student will be removed from school activities groups and travel for a nine (9) week period.
 - b. Second offense: Ten (10) school days out-of-school suspension. Student must (at his/her own expense) attend and complete a twelve (12) hour on-site chemical awareness program approved by administration and meet with the school counselor on a regularly scheduled basis. The student will be removed from school activities groups and travel for an eighteen (18) week period.
 - c. Third offense: Recommended expulsion before the Board of Trustees. See Board Policy (3350)-Drug Testing Program This policy is cumulative for a student's school career.

CREDITS

Credits are earned at the end of a semester by maintaining a passing grade and acceptable attendance. Credit is awarded at the rate of .5 credit for each full semester of a course completed. Some courses that do not meet on a daily basis will earn .25 credits for each full semester. NOTE: Students will not earn credit if they receive a failing cumulative mark for the semester.

CREDIT RECOVERY

Students who fail courses and need to recover credits will take the course over from the teachers on staff if the schedule allows. If the schedule does not allow the student to take the course from

a teacher on staff and an online credit recovery course is the last option students will have to enroll and take the course on their own time. Students will not be given a period(s) to work on credit recovery courses unless part of an individualized education plan.

CREDITS FOR PLACEMENT

All students must attain the following credit levels for class placement:

Freshmen 0 – 6 credits Sophomores 7 – 12 credits Juniors 13 – 18 credits Seniors 18 – 24 credits

Any student not attaining sufficient credits to matriculate at the next class level will be registered the following year according to the above standards. Students transferring from schools with lesser requirements for graduation will be evaluated by the administration for placement.

A regular education student who cannot meet class-standing requirements due to lack of credit will not be allowed to enroll with their class based on years of attendance. If a student is in this situation at the start of their fourth year of high school, they will be enrolled according to the above credit guidelines. Students who do not attain senior standing will not attend senior functions or senior events and will not be eligible to participate in Big Sandy High School graduation ceremonies. A student who lacks credits for graduation and completes correspondence work will be reinstated to class standing provided they will have enough credits to graduate.

Grades transferred into Big Sandy High School from another school will be based on the sending school transcript. Whenever possible, a percentage will be used. If only letter grades are available, the Big Sandy High School scale will be used.

COLLEGE VISITS

Seniors are allowed two days of school related absences to visit colleges of their choice unless otherwise approved by the school administration. Students **MUST** leave an acknowledgement from the college visited with the main office.

COMMUNICABLE DISEASES / CONDITIONS

To protect children from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. Parents of a student with a communicable or contagious disease should phone the school nurse or principal so that other students who may have been exposed to the disease can be alerted. These diseases include, but are not limited to:

Amebiasis Hepatitis Rubella (German Measles), Campylobacteriosis Influenza including congenital Chickenpox Lyme disease Salmonellosis Chlamydia Malaria Syphilis Colorado Tick Fever Measles (Rubeola) Scabies Diphtheria Meningitis Shigellosis Gastroenteritis Mumps Streptococcal disease, invasive Giardiasis Pinkeye Tuberculosis Hansen's disease Ringworm of the scalp Whooping Cough (Pertussis)

(See Board Policy 3417)

COMPLAINTS BY STUDENTS / PARENTS

Usually student or parent complaints or concerns can be addressed simply — by a phone call or a conference with the teacher. For those complaints and concerns that cannot be handled so easily, the District has adopted a uniform complaint procedure policy at 1700 in the District’s policy manual. In general, a parent or student should first discuss the complaint with the individual involved. If unresolved, a written complaint and a request for a conference should be sent to the Superintendent/Principal. If still unresolved, the matter may be referred to the Superintendent. Under some circumstances, the District provides for the complaint to be presented to the Board of Trustees in the event the matter cannot be resolved at the administrative level.

Some complaints require different procedures. Any building office or the Superintendent’s office can provide information regarding specific processes for filing complaints. Additional information can also be found in the designated Board policy, 1700, available in the Superintendent’s offices.

COMPUTERS AND INTERNET USAGE

Internet access and interconnected computer systems are available to the District’s students and faculty. Electronic networks, including the Internet, are a part of the District’s instructional program in order to promote educational excellence by facilitating resource sharing, innovation, and communication. (See Board Policy 3612, 3612P, 3612F & 3630)

CORPORAL PUNISHMENT

No person who is employed or engaged by the District may inflict or cause to be inflicted corporal punishment on a student. Corporal punishment does not include, and district personnel are permitted to use, reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense.

COURSE WORK REQUIREMENT

Students will participate in all course work requirements. In the event of a medical condition, a note from the attending physician stating the reason for the exception and the date the exception ends must be submitted to the office. This rule is applicable to all courses including physical education courses. Non-medical exceptions will be handled on a case-by-case basis by the administration.

COUNSELING SERVICES

The Big Sandy Public Schools have counseling services available to all students. The role of the counselor is to guide, advise, recommend, consult, and assist with the nearly limitless variety of concerns that students, parents, teachers, administrators, and the school community may have. Specifically, the thrust of the counseling program in Big Sandy is defined by three major goals: Students will exhibit personal and academic growth including knowing how to cope with stress,

how to study, and how classroom behavior affects academic achievement.

Students will develop educational and career decision-making skills which include knowing how to make decisions, formulating and modifying a personal career development plan, and selecting appropriate educational and/or vocational training programs. Students will develop interpersonal skills, such as knowing how to resolve conflicts, how to communicate, and how their behavior affects others.

Counselors address these goals through the delivery of many services which include appraisal, consulting, counseling, information managements, program managements, public relations, and referral.

The components of the school counseling program are:

- Guidance Curriculum
- Responsive Services
- Individual Student Planning
- System Support

Counseling offers a means for the students to grow in knowledge of self and others, thus enabling the student to develop a sense of responsibility needed to live effectively in today's world. The counselor's functions are varied as they help students better understand themselves and the world around them and to be more receptive to learning in the classroom.

Individual meetings with the counselor are confidential and information will not be shared with other parties with the following limitations. Confidentiality cannot be guaranteed if the student is under 16 years of age and parents desire information. Confidentiality may also be broken if the counselor thinks a student is at risk of harming themselves or others or if the counselor suspects a child or elder is being harmed or abused.

The counselor and all staff in the school system are mandated reporters, which means that if a staff member thinks a child is being abused, that staff member is required by law to report to the state Health and Human Services Department the suspected abuse.

NOTE: Numerous scholarships are offered and monitored through the Big Sandy School System. Please see the high school counselor for information.

Preparations for the dances, such as names of chaperones, time and date, must be submitted in writing to the administrator by the Monday prior to the weekend of the dance or the dance will not be held.

DISCIPLINARY PRACTICES

1. All students shall submit to the rules of the Big Sandy School District. Refusal to comply with written rules and regulations established for the governing of the school shall constitute sufficient cause for discipline, suspension, or expulsion. In an attempt to maintain a school atmosphere conducive to learning, procedures dealing with a student who constantly attempts to disrupt the normal routine or displays other behavior problems are set down as follows.

a. **DETENTION:** A student who disrupts classes, wastes time, etc., shall be given detention. Detention may be assigned by both administrators and teachers. b. **PROBATION:** A student who is guilty of misconduct may be placed on probationary status at the discretion of the principal. c. **OUT-OF-SCHOOL SUSPENSION (OSS):** Parents are primarily responsible for their child's behavior and have the greatest influence in the modification of any inappropriate behavior exhibited by their child in or out of school. A student who is disrupting the normal routine, the learning of others in a classroom setting or displays other behavior problems may be referred by a teacher or other staff member to the Superintendent/Principal and may be subject to OSS. A student must keep up with assignments during the out-of-school suspension but cannot receive credit for the work. The student may return to school provided that parents visit the school in advance and vouch for the student's future good behavior. **A suspended student is not allowed on or near school grounds while serving suspension without prior administrative approval.** d. **EXPULSION:** A student guilty of gross misconduct or constant violations of school regulations may be expelled from school. This action is normally the result of a recommendation to the Board of Trustees. **An expelled student is not allowed on or near school grounds while expelled.**

2. For attendance purposes the following will be in effect: e. Detention will be assigned for excessive tardies. f. Time lost due to skipping will be made up in triple during suspension. 3. Physical Discipline, Corporal punishment will not be administered to any student. However, reasonable and necessary physical restraint may be used if a clear and present danger exists for students, teachers, staff, and/or others. This will be administered in accordance with 20-4-302 of

Montana School Law and Senate 84.

DRIVER EDUCATION

Big Sandy School District will attempt to offer courses in driver education as often as needed. Once the course begins, the school cannot refund payment for the class to the student or parent. Students are placed in the class by order of birth date. No absences are allowed for the entire course.

DROPPING AND ADDING SUBJECTS

Student requests to drop and/or add classes will be considered through the first week of the 1st semester. Following that period, only special cases will be considered.

Junior class members who have earned a minimum of 12 credits also have the opportunity to participate in dual credit; however, they will be required to enroll in 5.5 credits from Big Sandy High School. Dual credit through COT would be in addition to high school credits. Participating students are responsible for tuition and other charges associated with the dual credit classes.

EXTRA-CURRICULAR ACTIVITIES HANDBOOK

The purpose of this handbook is to encourage every student in Big Sandy High School to join our athletic and activities programs. When the choice is made to participate, it is understood that the athletes/participants will abide by the policies set forth. The following information is for those who want to represent their school as a competitor or participant.

I. POLICY OF BIG SANDY SCHOOL DISTRICT

The policy of the Big Sandy School District is to provide all students who are eligible an opportunity to participate in Extracurricular activities.

Rules and guidelines are established and must be adhered to in the governance of all extra-curricular activities; however, legitimate conflicts and situations sometimes arise which

may restrict or prohibit a student's participation in an extra-curricular activity if the rules and guidelines of governance are strictly adhered to.

When any such conflict or situation arises,

1. It is incumbent on the student and his/her guardian to notify the director, coach or supervisor in a **TIMELY FASHION** of the conflict or situation, and 2. It is incumbent on the director, coach or supervisor of the extra-curricular activity to provide accommodations that may allow a student's participation.

A meeting may then be arranged with the director, coach or supervisor, student and parent and the Superintendent to determine what accommodations, if any, are required to allow the student's participation in the extra-curricular activity.

It must be noted that in accordance with Montana State Law, once a student becomes a participant in an extracurricular activity, the student may be suspended from participation by a director, coach or supervisor for violation of rules and guidelines, but only the School Board can expel a student from extracurricular participation. A director, coach or supervisor cannot "kick a student off the team."

II. PHILOSOPHY OF DEPARTMENT

It is our belief that the fundamental purpose of the athletic/activity program is:

1. To develop within the participants the qualities of sportsmanship 2. To develop a sense of responsibility to themselves and others 3. To develop devotion to an assignment 4. To build a sense of pride in the accomplishment of doing a job to the best of one's ability 5. To instill the sense of belonging to a group 6. To encourage the social values derived from contact with students and adults from other communities.

It is our sincere hope that through participation in activities students will be better prepared to become positive members of our society.

GIFTED AND TALENTED EDUCATION

Students are the first priority at Big Sandy Schools. The District is committed to the recognition of individual differences among students and to serving the social, emotional, physical, and academic needs of the young people enrolled in our schools. Our goal is to enrich the education of all students through events and activities designed to expose them to a variety of challenging and higher-order critical and creative thinking experiences.

Embodied in this commitment is a responsibility to academically challenge highly able and artistically talented students to help them maximize their high potential and allow them to thrive, flourish and create.

Students who are academically gifted differ from others in learning profile, particularly in the areas of pacing knowledge base, memory, and depth of thinking. Artistically talented students differ from others in their intensity, level of expression, divergent thinking, and creative productivity. The Big Sandy Gifted Education Program is designed to meet these needs. Providing students with enhanced, differentiated instruction enables us to nurture the diverse talents and abilities of our student body.

Students who do not meet the writing and math proficiency standards are admitted to four-year universities on a provisional basis. Students who are provisionally admitted can gain full admittance by demonstrating one of the following:

- Earn a “C” or better in developmental math and writing courses preparing students for college level course work (must be completed within the first 3 semesters)
- Earn the required score on one or more of the math or writing assessment tests required for admissions
- Complete an associate of arts (A.A.) or associate of science (A.S.) degree
- Submit a letter to the admissions office documenting a disability that prevented the student from adequately demonstrating proficiency in a test setting if no accommodation was provided at the time of the test.

MOTOR VEHICLES

Students are permitted to drive motor vehicles, but are urged to use extreme caution while driving on school premises. The speed limit on and near school grounds is 15 mph. Conditions and situations may require much lower speeds than 15 mph. Those who disregard or neglect the use of proper safety precautions may have driving privileges revoked.

NATIONAL HONOR SOCIETY

After the first semester of their respective year, any sophomore, junior or senior who has a 3.50 GPA and is enrolled in or has completed a college prep course (science and/or math) and is not in Honor Society will receive a letter inviting them to make application to be inducted into the National Honor Society. Once applications are received, names of those students who have applied will be given to high school faculty and staff. Included with each student’s name, faculty and staff will receive an evaluation form by which to evaluate each student. There are four criteria plus compliance with the “Pioneer Pride Participation Code” by which each student will be Judged, Leadership, Service, Character and Academics. A committee consisting of faculty (teachers) is formed to review the applications and evaluation forms to determine if each candidate has met the requirements for induction.

LEADERSHIP

Leadership criterion is highly important for membership selection. Some committee members may interpret positive leadership in terms of the number of offices a student has held in school or community organizations, although it is important to recognize that leadership also exists outside

elective positions including effective participation in other co-curricular activities offered on campus. Other committee members may define leadership in less objective terms. Leadership roles in both school and community may be considered, provided they can be verified. The student who exercises Leadership:

- Is resourceful in proposing new problems , applying principles, and making suggestions
- Demonstrates initiative in promoting school activities
- Exercises positive influence on peers in upholding school ideals
- Contributes ideas and improves the civic life of the school
- Is able to delegate responsibilities
- Exemplifies positive attitudes
- Inspires positive behavior in others.
- Demonstrates academic initiative
- Successfully holds school offices or positions of responsibility; conducts business effectively and efficiently; demonstrates reliability and dependability
- Is a leader in the classroom, at work, and in other school or community activities
- Is thoroughly dependable in any responsibility accepted
- Is willing to uphold scholarship and maintain a loyal school attitude.

SERVICE

Service is generally considered to be those actions undertaken by the student which are done with or on behalf of others without any direct financial or material compensation to the individual performing the service. In considering service, the contributions this candidate has made to school, classmates, community, as well as the student's attitude toward service can be reviewed. The student who serves:

- Volunteers and provides dependable and well organized assistance, is gladly available, and is willing to sacrifice to offer assistance
- Works well with others and is willing to take on difficult or inconspicuous responsibilities
- Cheerfully and enthusiastically renders any requested service to the school
- Is willing to represent the class or school in inter-class and inter-scholastic competition
- Does committee and staff work without complaint
- Participates in some activity outside of school, for example, Girl Scouts, Boy Scouts, church groups, volunteer services for elderly, poor, or disadvantaged
- Mentors persons in the community or students at other schools

- Shows courtesy by assisting visitors, teachers, and students.

CHARACTER

Character is probably the most difficult criterion to define. The committee will consider the positive as well as the negative aspects of character. All judgments in this and other selection criteria should be free of speculation and rumor. A person of character demonstrates the following qualities: respect, responsibility, trustworthiness, fairness, caring and citizenship. In addition, it can also be said that a student of character:

- Takes criticism willingly and accepts recommendations graciously
- Consistently exemplifies desirable qualities of behavior (cheerfulness, friendliness, poise, stability)
- Upholds principles of morality and ethics
- Cooperates by complying with school regulations concerning property, programs, office, halls, etc.
- Regularly shows courtesy, concern, and respect for others
- Observes instructions and rules, is punctual, and faithful both inside and outside the classroom
- Has power of concentration, self-discipline, and sustained attention as shown by perseverance and application to studies
- Manifests truthfulness in acknowledging obedience to rules, avoiding cheating in written work, and showing unwillingness to profit by the mistakes of others
- Actively helps rid the school of bad influences or environment.

PARENT INVOLVEMENT, RESPONSIBILITIES, AND RIGHTS

The District believes that the best educational result for each student occurs when all three partners are doing their best: the District staff, the student's parent, and the student. Such a partnership requires trust and much communication between home and school. To strengthen this partnership, every parent is urged to:

Encourage his or her child to put a high priority on education and commit to making the most of the educational opportunities the school provides.

Review the information in the student handbook with his or her child and sign and return the acknowledgment form(s) and the directory information notice. A parent with questions is encouraged to contact Superintendent Kelly Haaland.

Become familiar with all of the child's school activities and with the academic programs, including special programs, offered in the District. Discuss with the counselor or principal any questions, such as concerns about placement, assignment, or early graduation, and the options

available to the child. Monitor the child's academic progress and contact teachers as needed.

Attend scheduled conferences and request additional conferences as needed. To schedule a telephone or in-person conference with a teacher, counselor, or superintendent please call the school office at 406-378-2501 for an appointment. A teacher will usually arrange to return the call or meet with the parent during his or her conference period or at a mutually convenient time before or after school.

Exercise the right to review teaching materials, textbooks, and other aids, and to examine tests that have been administered to his or her child. [See Protection of Student Rights]

Become a school volunteer.

Participate in campus parent organizations. Parents have the opportunity to support and be involved in various school activities, either as leaders or in supporting roles. Offer to serve as a parent representative on the District-level or campus-level planning committees formulating educational goals and plans to improve student achievement. For further information, contact Superintendent Kelly Haaland.

PERMANENT RECORDS

Big Sandy School District maintains two (2) sets of school records for each student – a permanent and a cumulative record.

The permanent record will include Basic identifying information, academic work completed (transcripts), level of achievement (grades, standardized tests), immunization records, attendance record, record of disciplinary actions that are educationally related.

The cumulative record may include intelligence and aptitude scores, psychological reports, participation in extracurricular activities, honors, awards, teacher anecdotal records, verified reports or information from non-education persons, verified information of clear relevance to the student's education, information pertaining to release of this record and disciplinary information.

Big Sandy School District will comply with the mandates for student records as directed by the following: Standards of Accreditation of Montana Schools, Family Rights and Privacy Act (FERPA) of 1974, Laws and Regulations of Special Education, and Montana Laws and Regulations pertaining to student records.

Students and parents will be informed of their rights in accordance with Regulation 99.7 of FERPA during orientation or registration. The parent or eligible student has a right to

1. Inspect and review the student's educational records.
2. Request the amendment of the student's educational records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights; and
3. Obtain a complete copy of the policy contained in the school Board of Trustees policy.

PROMOTION AND RETENTION

For grades K–8, the Board recognizes that students of the same age are at many intellectual and developmental levels and that these differences are a normal part of human development.

Because of these differences, the administrators and teaching staff are directed to make every effort to develop curricula and programs that will meet the individual and unique needs of all students and allow them to remain with their age cohorts.

It is the philosophy of the District that students thrive best when placed in or promoted to grade levels with other students of compatible age, physical, social, and emotional status. It is the District's philosophy to promote students who demonstrate effort within those compatibilities. It is equally the District's philosophy and practice to retain students who do not make a reasonable effort to meet grade-level expectations, as long as those expectations are commensurate with the individual student's ability and rate of learning. The primary reasons for considering retention are:

1. Indifference or lack of effort on the part of a capable student;
2. Physical or social immaturity;
3. Frequent or long absences; and/or
4. Violation of attendance policy. (See Board Policy 2421)

PROTECTION OF STUDENT RIGHTS

SURVEYS Parents have the right to inspect any survey or evaluation and refuse to allow their child to participate in such survey or evaluation.

INSTRUCTIONAL MATERIALS Parents have the right to inspect instructional materials used as a part of their child's educational curriculum, within a reasonable time. This does not include academic tests or assessments.

COLLECTION OF PERSONAL INFORMATION FROM STUDENTS FOR MARKETING

The district will not administer or distribute to students any survey or other instrument for the purposes of collecting or compiling personal information for marketing or selling such information, with the exception of the collection, disclosure, or use of personal information collected for the exclusive purpose of developing, evaluating, or providing educational products/services for, or to, students or educational institutions. Pursuant to federal law, the district will not request, nor disclose, the identity of a student who completes any survey or evaluation (created by any person or entity, including the district) containing one or more of the following:

- Political affiliations.
- Mental and psychological problems potentially embarrassing to the student or family.
- Sexual behavior and attitudes.
- Illegal, antisocial, self-incriminating, and demeaning behavior.
- Criticism of other individuals with whom the student or the student's family has a close family

relationship.

- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of students or the student's parent/guardian.
- Income, except when the information will be used to determine the student's eligibility to participate in a special program or to receive financial assistance under such a program.

REPORTING SYSTEM

1. Report cards are issued following the end of each nine-week grading period. 2. Credit is awarded at the semester end for courses which credit is earned. 3. Comments are written in good faith, with the student's proper development being the teacher's major concern. Parents and students are encouraged to talk with teachers about progress being made in any area deemed necessary. 4. Midterm report: A midterm report will be sent to the parents of any student who is not working up to his/her potential and/or whose grades are in jeopardy. Parents are encouraged to respond by meeting with teachers to discuss remedies for the problem areas. For grades 7-12, grades and attendance are available via the Infinite Campus Parent Portal at any time.

SCHOOL LUNCHES

1. Hot lunches are available for all students in the lunchroom. 2. Student lunch prices (grades 7 – 12) are \$2.25 per meal. Elementary (K-6) are \$2.00 per meal. Adult lunch prices are \$2.25. 3. Students who carry cold lunches are encouraged to eat them in the lunchroom. 4. Sack lunches may be eaten in the high school concessions area.

We highly encourage any student/family to apply for the free and reduced lunch program. Lunch accounts for students qualifying for this program are not identified in any way.

Breakfast is provided at both buildings at a cost of \$1.10 per meal.

SEARCH AND SEIZURE

To maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by the student without notice or consent of the student. This applies to student vehicles parked on school property. High school students and/or parents, in signing the student handbook, agree to handbook requirements, which may include school searches of his or her vehicle and personal effects therein, when reasonable suspicion of wrongdoing exists. (See Board Policy 3231 & 3231P)

SECTION 504

All students shall have the opportunity to participate in and receive benefits from all programs or

activities including, but not limited to, course offerings, graduation requirements, athletics, counseling, employment assistance, extra-curricular and other school-related activities.

Discrimination in education because of sex, race, color, creed, religion, national origin, physical or mental handicap, political belief, and marital or parental status is prohibited unless based upon reasonable grounds as provided by law. Inquiries or complaints regarding discrimination should be directed to Kelly Haaland, Title IX/Section 504 Coordinator, Big Sandy High School, Big Sandy, MT 59520 (406) 378- 2502. (See Board Policy 2162 & 2162P)

STUDENT APPEARANCE

Because a definite correlation exists between dress, attitude, and achievement in school, students will be expected to be well groomed and neatly dressed at all times. Any personal appearance which is distracting and/or disruptive in nature will not be permitted. The determination of what is distracting or disruptive shall be made by the school administrator(s). The following is considered unacceptable and may not be worn to school:

- hats or headgear inside the building for boys and girls (remove upon entering any school building, including the lunch room)
- shorts that are not appropriate (examples: biker shorts, spandex shorts, cut-off jeans, cut-off pants) Shorts may not be higher than three inches above the floor when in the kneeling position. Short length applies to JH and HS P.E. class, Advanced P.E. class, and Weight Training class.
- gym-type sweatpants (to be worn in PE classes only)
- pajama bottoms and house shoes
- single or double tank tops, spaghetti straps, (no less than 1” straps), muscle shirts, mesh or see-through shirts or blouses
- apparel that displays messages or illustrations of a profane or questionable nature, including advertisements for any kind of drugs, alcohol, tobacco, or illegal substances
- clothing that has cutouts or holes which expose any portion of the midriff or private parts of the body and or underwear. The waistline of pants and shorts will need to be at the hipbone or above. Pant waistlines will be a point of emphasis.
- Girl’s shirts or blouses with plunging or revealing necklines are not acceptable. No cleavage.
- Skirt and/or shorts length must not be excessively short so as to not disrupt or exceed generally held notions of modesty (neither may be higher than three inches above the floor when in the kneeling position)
- Heavy chains, spiked collars, spiked wristbands, and items dangerous to others. As there is a wide interpretation of tank top shirts and dresses, judgment of appropriateness will be based on the modesty of the neckline and width of the shoulder strap. Most of the shoulder and neck area needs to be covered, requiring a strap of at least two inches in width. See “Pioneer Pride

Extra-Curricular Code”

The school shall govern dress and appearance for participants in extra-curricular activities. (See Board Policy 3224)

STUDENTS ENTERING FROM A NON-ACCREDITED SCHOOL

Only credits earned from a school that is recognized for accreditation through the state of Montana and/or member schools located only within the original states of the Middle States Association of Colleges and Schools, North Central Association of Schools and Colleges, New England Association of Schools and Colleges, Northwest Association of Accredited Schools, Southern Association of Colleges and Schools, and Western Association of Schools and Colleges, and subject to any of their own state laws. Credits will also be accepted from third-party schools that are accredited by the Northwest Association or other above agencies through official third-party agreement with those agencies; accredited homeschool curriculum providers or other registered homeschools. Requests for transfer of credit or grade placement from any non-accredited, nonpublic school will be subject to examination and approval before being accepted by the District. This will be done by the school counselor or the Superintendent or, in the case of homeschoolers, by a credit evaluation committee consisting of a counselor, a staff member from each subject area in which credit is being requested, and the Superintendent. (See Board Policy 2413)

STUDENT RECORDS

A student’s school records are confidential and are protected from unauthorized inspection or use. A cumulative record is maintained for each student from the time the student enters the District until the time the student withdraws or graduates. A copy of this record moves with the student from school to school.

By law, both parents, whether married, separated, or divorced, have access to the records of a student who is under 18 or a dependent for tax purposes. A parent whose rights have been legally terminated will be denied access to the records, if the school is given a copy of the court order terminating these rights.

The principal is custodian of all records for currently enrolled students. The Superintendent is the custodian of all records for students who have withdrawn or graduated. Records may be reviewed during regular school hours, upon completion of the written request form. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records. If circumstances prevent a parent or eligible student from inspecting the records, the District will either provide a copy of the requested records or make other arrangements for the parent or student to review the requested records.

Parents of a minor or of a student who is a dependent for tax purposes, the student (if 18 or older), and school officials with legitimate educational interests are the only persons who have

general access to a student's records. "School officials with legitimate educational interests" include any employees, agents, or Trustees of the District; cooperatives of which the District is a member; or facilities with which the District contracts for the placement of students with disabilities, as well as their attorneys and consultants, who are:

- Working with the student;
- Considering disciplinary or academic actions, the student's case, an individual education plan (IEP) for a student with disabilities under IDEA, or an individually designed program for a student with disabilities under Section 504;
- Compiling statistical data; or
- Investigating or evaluating programs.

The parent's or student's right of access to, and copies of, student records does not extend to all records. Materials that are not considered educational records, such as teachers' personal notes on a student that are shared only with a substitute teacher, records pertaining to former students of the District, and records maintained by school law enforcement officials for purposes other than school discipline do not have to be made available to the parents or student.

Certain officials from various governmental agencies may have limited access to the records. The District forwards a student's records on request and without prior parental consent to a school in which a student seeks or intends to enroll. Records are also released in accordance with court order or lawfully issued subpoena. Unless the subpoena is issued for law enforcement purposes and the subpoena orders that its contents, existence, or the information sought not be disclosed, the District will make a reasonable effort to notify the parent or eligible student in advance of compliance.

Parental consent is required to release the records to anyone else. When the student reaches 18 years of age, only the student has the right to consent to release of records.

Students over 18, and parents of minor students may inspect the student's records and request a correction if the records are inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. If the District refuses the request to amend the records, the requestor has the right to ask for a hearing. If the records are not amended as a result of the hearing, the requestor has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although improperly recorded grades may be challenged, parents and the student are not allowed to contest a student's grade in a course through this process. Parents or the student have the right to file a complaint with the U. S. Department of Education if they believe the District is not in compliance with the law regarding student records.

Copies of student records are available at a cost of \$.25 per page, payable in advance. Parents may be denied copies of a student's records (1) after the student reaches age 18 and is no longer a dependent for tax purposes; (2) when the student is attending an institution of post-secondary

education; (3) if the parent fails to follow proper procedures and pay the copying charge; or (4) when the District is given a copy of a court order terminating the parental rights. If the student qualifies for free or reduced-price meals and the parents are unable to view the records during regular school hours, upon written request of the parent, one copy of the record will be provided at no charge.

Certain information about district students is considered directory information and will be released to anyone, including military recruiters and/or post-secondary institutions, who follows procedures for requesting it, unless the parent objects to the release of any or all directory information about the child. The opportunity to exercise such an objection was provided on the form signed by the parent to acknowledge receipt of this handbook. Should circumstances change; the parent can contact the principal to indicate his or her desire to change the original request. Directory information includes: a student's name, address, telephone number, date and place of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, photographs, dates of attendance, awards received in school, and most recent previous school attended.

TRANSCRIPT GRADES

Failed Classes Repeated – if a failed class is repeated, both the original failing mark and the passing repeat grade are shown on the transcript and are averaged equally in computing the student's G.P.A.

Repeating a Class Already Passed – Students may be permitted to retake a class they have already passed if a scheduling problem is not involved. The decision as to which grade is to be used for G.P.A. purposes will be decided by the instructor, the student, and the school administrator who will have the ultimate approval. Both grades will appear on the transcript.

VIDEOTAPING OF STUDENTS

The District uses video cameras on District property to ensure the health, welfare, and safety of all staff, students, and visitors to District property, and to safeguard District facilities and equipment. Video cameras may be used in locations as deemed appropriate by the Superintendent. Students in violation of Board policies, administrative regulations, building rules, or law shall be subject to appropriate disciplinary action. Others may be referred to law enforcement agencies. Video recordings may become a part of a student's educational record. The District shall comply with all applicable state and federal laws related to record maintenance and retention.

VISITORS

Parents and others are welcome to visit District schools. For the safety of those within the school, all visitors must first report to the main office. Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and so long as

their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment.
